Inside this guide are not only important phone numbers, but guidance on accident reporting, active threats on campus, and evacuations. Group discussions on how your department will respond to a threat are beneficial. Classroom plans for faculty are also highly recommended. The following TrainTraQ course in [Single Sign On](#) is encouraged: **2111670: Individual Emergency Preparedness.**

Working With Workday

Spring Re-Appointments for Faculty and Teaching Assistants

Faculty and Graduate Assistants who had a 4.5 month fall Academic Work Period (Sept 1 – Jan 15) and are continuing in the Spring, will need a Job Change in Workday to a 9-month Academic Work Period (Sept 1 – May 31). Faculty and Graduate Assistants who worked in the Fall and are **NOT** working in the Spring, should be terminated in Workday or placed in a unpaid leave status if they are expected to return.

Student workers and others who are not returning should be terminated in Workday. Be on the lookout for training.

Graduating Students

Please end additional jobs and/or terminate jobs for graduating student employees.

Update to the Performance and Goals

A recent update to the Performance and Goals function of Workday is that the **Overall Rating** will now show on performance reviews. This will allow it to be displayed when printing prior to Employee Acknowledgment, as well as have it visible to the Employee prior to acknowledging the review. Performance Review templates have also been updated to allow **attachments** on all reviews. To prepare for performance reviews, please review your position restrictions for accuracy.
